

# FIONA CRUICKSHANK

Fi has worked at AIR for over 10 years, having first started on her Tonmeister industrial year as a runner. During this time she has gained a wealth of experience within the industry, particularly as a Pro Tools recordist on Film and TV sessions; an area where she is much in demand.

Recently Fi has been engineering for clients of her own, including Ben & Nick Foster (*Thunderbirds Are Go*, *The Good Karma Hospital*, *Our Girl*), Bill Laurence (*Un Traductor*) and Neil Athale (*Strange But True*), whilst still working in-house on some of the biggest films of the year (*Mary Poppins Returns*, *Paddington 2*, *Darkest Hour*).
